Strongroom ECB•S grade 1 Installation steps

Each panel is marked in accordance with included manual instruction. Due to this fact the installation process is simple either for our servicemen or other well-qualified staff.

Since panels are screwed, they may be assembled numerous times. This, in turn, makes it possible to change the strongroom's location.

Strongroom ECB•S grade 1 Welded version

In this case, the installation process has to be done by well-qualified service staff.
